VOL. XXXII ALBANY, CALIFORNIA Wednesday, Sept. 21, 1966 150 NUMBER 2

MAY ELLIS OLSON informs us that as Soroptimist representative, she is attempting to reorganize the Iner-Service club council. We were wondering where the steam to move the wheels would be coming from and now we know. No ifs, ands or buts about it. The council WILL be reorganized.

LOTS OF WORK going on at the Post Office. Postmaster George Kohler says they may have an open house when the job is completed.

MERCHANTS, please return your Chamber of Commerce Christmas decoration questionnaire as soon as possible. If decorations are to be ordered, they must be ordered soon.

CONGRATULATIONS to George and Martha Hollfelder, who are observing the 25th anniversary of Hollfelder's Jewelry at 1131 Solano in 1966. They opened in 1941.

THE METER MAID — oops, Parking Enforcement Representative's vehicle, a Cushman three-wheel motor scooter, has arrived but the person who will ride it has not been selected. Police Chief Ralph Jensen says they have 200 applicants for the job!

YOU SHOULD read the nominations for "Sweetest Person" in Albany. One came by mail from Jeanne Eason of Portland nominating her grandmother, Mrs. Adeline Salegna of Key Route Blvd. The letter is beautiful, ending with "just putting her name in makes me feel I am telling her I love her." This Chamber of Commerce promotion may be the greatest thing yet.

SUNSET REBEKAHS
Sunset Rebekah Lodge 109, Independent Order of Odd Fellows, will honor District Deputy President Emma Oliver of District 70, Wednesday, Sept. 21, at 8 p.m. at 410 Eleventh St., Oakland.

Girls 5-8 Invited To Compete for Fire Department's 'Miss Flame'

Albany Fire Department has announced a "Miss Flame" contest for Albany girls who are between the ages of five and eight as of "Sweetest Day," Oct. 15.

Names of contestants must be submitted by parents or guardians on the application blank printed in the Times. Deadline is 5 p.m. Saturday, Oct. 1. Blanks may be mailed or delivered to the Fire Department, 1001 Marin.

Voting for contestants will be at stores of participating Albany merchants during the special "Sweetest" week, Oct. 9-15. One vote may be cast with each purchase and deposited in a special box at the store. Voting will be by number. Each contestant will be pictured and numbered on posters at the store. The girl responsible for the largest total of purchases in Albany will be named "Miss Flame" to reign as the mascot of the Fire Department until next year when another girl will win the title.

The winner will receive a trophy, banner and bouquet from Albany Fire Chief Gerald D. Browne and Mayor Richard O. Clark at the City Council meeting Oct. 17.

Because Albany Chamber of Commerce has designated Oct. 9-15 as a "week to make someone happy" and Fire Prevention Week falls during the same period, the Fire Department has decided to cooperate in this manner.

Note of Thanks

Ila Mae Wilson, publisher, and members of the staff of the Albany Times take this opportunity to thank those who sent greetings on the 32nd birthday of the Albany Times:

To the Albany Lions club for a beautiful plant, card and tribute in the Lampoon; to Fred Pimentel, who keeps in touch with his former home town by receiving the Times in Bethel Island, and to the newest organization in the city, the Live Wires, Thank you, one and all.

Rotary District Governor Visits Albany Sept. 27

Orie D. Breese

Orie D. Breese of Red Bluff, Governor of District 516 of Rotary International, world-wide service organization, will pay an official visit to the Rotary Club of Albany, Tuesday, Sept. 27.

There are 58 clubs in this district which covers the central part of California from the Oregon line to and including all of the East Bay cities.

In addition to addressing the Albany Rotarians at their meeting that day, he will include a conference with Joe Eyring, president of the Rotary Club of Albany, and will attend a club assembly, conducted by President Eyring at which plans of the local club for the coming year will be reviewed.

The District Governor, who took office in July, has been intensely interested in community and state affairs. He is a member and past president of the Rotary Club of Red Bluff. Prior to assuming the governorship, he was a Rotary representative for Northern California area. He has taken an active part in Rotary's international activities, which have as their objective, the promotion of international understanding, good will and peace throughout the world.

The District Governor is one of 271 district governors responsible for supervising the activities of more than 12,500 Rotary Clubs around the world.

"The visit of the governor," Eyring said, "is a time for examining the effectiveness of what

Heart-Warming Nominations For "Sweetest Person"

Nominations of Albany residents as "Sweetest Person in Albany" began arriving at the Chamber of Commerce office the day after the contest was announced in the Times last week and are continuing to arrive daily.

The statements telling why each person has been selected are heart-warming and it is apparent judges will have a difficult time determining who, indeed, is the sweetest person in town.

Deadline for nominations is Saturday, Oct. 1, at 5 p.m. The winner will be selected at a meeting of judges Sunday afternoon, Oct. 2, and will be announced in the Times of Oct. 5 and honored at a Chamber of Commerce dinner that evening at Serb's, when the trophy will be presented.

Albany's Sweetest Person will reign during "Sweetest Week," Oct. 9-15, when all residents will be asked to "make someone happy" by buying special gifts for their own "sweetest person." It is expected that many dollar-day events, free customer gifts and other attractions will be offered by Albany merchants in cooperation with the Chamber of Commerce.

If you have a candidate for "Sweetest Person in Albany," fill in the blank, which will be printed twice more in the Times. Briefly state your reasons for your choice and mail or deliver to the Chamber of Commerce, 1108 Solano Ave.

Hollfelders' 25th Anniversary In Jewelry Store

In September, 1941, George and Martha Hollfelder opened Hollfelders' Jewelry at 1131 Solano, in a new building. Their business neighbors were Lucky Sporting Goods, where Bernard's stationery is now located, and Oliver Nelson's hardware, where Albany Figure Salon is today.

George had been doing watch repairing at his home since 1934. The couple checked around to see if people thought a jewelry store could make a go of it in Albany. They decided to try.

Their store is the only Albany outlet for sterling silver. They carry three brands—Towle, Heirloom and International. In addition, they carry diamonds, watches and other traditional jewelry store items. George does all his own watch repairing.

Hollfelder's brother, Martin, his wife, and son, Martin, Jr., came here from New Britain, Conn., to help George and Martha celebrate their business anniversary.

George is past president of Albany Rotary club and Albany Chamber of Commerce. He is a member of Masonic organizations and Bayview aerie, Fraternal Order of Eagles.

Martha, a charter member of the Soroptimist club of Albany, is a member of Eagles auxiliary.

The couple, who have lived at 721 Key Route Blvd. since 1937, own a summer place at Lake Tahoe, where they spend the first week of September each year.

COUNCIL

PG&E SAYS NO STREET LIGHTS UNTIL NEXT YEAR

It was bad news night at Albany City Council Monday, when Fred Purman of Pacific Gas and Electric Company reported it would be impossible to meet the hoped-for Dec. 1 deadline for new street lighting on San Pablo Ave.

He said a heavy work load caused by University Avenue and Rapid Transit projects in Berkeley caused the delay.

Hard-working Chamber of Commerce committees collected more than the number of signatures needed from San Pablo Avenue property owners months ago. They have repeatedly asked for a report from Administrative Officer James B. Turner, who has in turn tried in vain to get PG&E moving on the project.

Originally the lighting was to have been completed by Dec. 1 so they would brighten San Pablo during the Christmas season.

Councilman Joe Carlevaro, a member of the Chamber committee, said he had helped convince merchants and property owners to sign petitions. "BARTD and Berkeley are again walking all over Albany," he complained.

Councilman Lewis Howell charged that because the street lighting project is under consideration, the maintenance of lighting in Albany has been let go. "Our lighting system is in a deplorable condition," he said.

"Who's going to tell those who signed the petitions?" Carlevaro asked.

"I guess that will be one of my jobs," Purman said, promising to "do everything possible" to expedite the project.

Howell mentioned another item which could have disastrous effect on Albany. He said he heard a new racetrack was to be built on the Hayward salt flats, where all racing in Northern California eventually will be held.

"Golden Gate Fields brings $80-100,000 in revenue to Albany," he said. "We depend on it for our economy." His motion to direct Turner to investigate passed 4-0. (Mayor Richard Clark was out of town.)

Turner was also asked to contact the City of Richmond to see what is being planned for their proposed new airport, which is to have air patterns over Albany. A previous request to delay action until Albany could review plans has brought no response.

Continuing last week's discussion of removal of camphor trees which create havoc with sewers and utility lines, Council referred to the Planning and Zoning commission a request for suitable trees to replace those removed by the city and the suggestion that the city pay for replacements.

In other matters, Council FILED authorization from the Board of Supervisors to consolidate the general election Nov. 8 with a special city election and recommendation of the Park and Recreation commission to hire Mrs. Shirley Anderson as assistant pre-school director;

DIRECTED Turner to contact all firms which have shown interest in cable TV to inform them the ordinance has passed permitting it here;

AUTHORIZED Turner to execute a contract with the Department of Finance for an estimate of increase in population;

ASKED City Attorney Larry Saler and Health Officer Harold van Coops for recommendations concerning a proposed agreement with the State Department of Public Health for health follow-ups on military rejects;

HELD OVER until after a school board meeting any action on the Santa Maria resolution concerning the Field Act.

PASSED 4-0 resolutions taking a firm stand against civilian police review boards, appointment of Mrs. Anderson, and commendation to John Zoro for service on the Traffic and Safety commission.

Bigger, Better Art Show Planned for '67

Members of the Chamber of Commerce committee for the 1966 Art Show and Merchants' Bazaar met Monday night to evaluate this year's show with the assistance of scores of evaluation blanks filled out by artists and merchants.

By the end of the meeting, it was tentatively decided to change the name and the format for 1967 in an effort to give the show a "shot in the arm."

Most seriously considered was the possibility of having one large circle of booths with merchants, games and commercial booths on the outside and artists, hobbyists, photographers, etc., in the center. A dias would be constructed in the center of the inner circle for art-in-action demonstrations.

Artists have complained for years that art and the "carnival atmosphere" of the bazaar do not go well together. They have been joggled about by teenagers and irritated by loud noises from the stage.

New emphasis probably will be on hobbies of all types. Discussion also involved changing the name to Albany Art and Hobby show.

By Nov. 15, William A. Johnson and Dr. Art Longpre, who have volunteered to serve as co-chairmen, expect to report to the Board of Directors of the Chamber of Commerce. If their plans are approved, they hope to organize committees and begin immediately on the new show.

The 1966 Art Show financial report shows income of $2,005.80; expense of $1,031.15, with a profit of $974.65, largest in the four years the show has been held.

In addition to many local projects, Rotary International supports a program of foreign exchange students and has recently organized and sponsors "Interact" clubs for teenage boys. In the brief three year period the project has been in existence, more than 1,255 boys' clubs have been formed in 48 countries and there are over 30,000 members. Mayors Conference

Albany Assessment Would Increase Under AB 80

Assessments in Albany would increase $1,418,000 under provisions of Assembly Bill 80, interim assessor C. J. Hearn noted at the special Mayors' Conference in Hayward last Wednesday night.

Hearn detailed increases and decreases in each city in the county, stating that the total net increase would amount to $74,115,000.

Following a lengthy, often explosive, discussion of AB 80 among mayors, Hearn and co-author of the bill, Assemblyman Nicholas Petris, Mayors voted to ask the Board of Supervisors to allocate money to the assessor's office to begin an accelerated program of reappraisal of all property in the county.

Representatives of the assessor's office said it now takes six years to cover Alameda County. Men are able to assess 40,000 parcels of property a year. The county includes 372,227 parcels of property.

Under fire during the meeting was Alameda county's double ratio for assessment: 21.6 per cent on residential and 28 per cent commercial. It is now the only county with such double standards in California and is in violation of the state constitution because of it.

AB 80, Hearn explained, specifies that by 1967, a ratio of between 20 and 25 per cent for all properties must be announced and by 1971, all property must be assessed at 25 per cent.

Petris said AB 80 does not require an immediate jump in assessment. He recommended reassessment of all property in the county, concentrating on re-evaluating businesses, many of which were underassessed prior to the assessor scandals.

He said AB 80 will result in a vigorous auditing program through which every business worth $50,000 or more will be audited once a year and businessmen must sign their own tax returns.

If businesses are assessed according to value, Petris said, he is firmly convinced that homeowners will not suffer and may even be given lower assessments.

San Leandro Mayor Jack Maltester, a member of the board of League of California Cities, spoke in favor of AB 80. He said the bill will close the largest loopholes and shut the door to dishonesty.

"This is our scandal," he said. "These men were our officials and AB 80 will see that it won't happen again."

Maltester said the League recommends that the county assessor come as close as possible to an average ratio for 1967-'68, going to between 22 and 25 per cent within four years.

The Board of Supervisors held a meeting yesterday to decide whether or not to allocate $50,000 to the assessor to begin implementing AB 80 in Alameda County.

Fire Plug

Over 1,000 home fires occur in the United States daily. Every year, thousands of lives are lost through fire. Obviously, fire prevention is of vital concern to all.

To protect your family and your property against fire, plan ahead, practice good housekeeping, and develop safe habits.

Plan ahead when building, making additions, and installing new equipment.

Good housekeeping includes a periodic check for fire hazards. Carelessness causes most home fires. Acquire safe habits.

As we enter the autumn season of the year, of first concern for attention should be our heating systems. Have it checked for lubrication and cleaning. It will be used a great deal during the fall, winter and early spring seasons. If yours is the automatic type it will be working at times when no one is at home or you are sound asleep. For these reasons give your heating system attention real soon.
